CA Wet&Dry 3 Motors: practical and professional wet and dry vacuum cleaners

The professional wet and dry triple motor vacuum cleaners of the CA Wet&Dry range have been designed to provide practicality and professional results.

They are vacuum cleaners equipped with high capacity tanks but designed to be practical and easy to use. Resistant and easy to handle, they are used for the cleaning of medium surfaces or for the collection of solid material of various sizes, as well as liquids.

The versatility and performance of these professional vacuum cleaners make them suitable for cleaning companies, demanding applications and also for rental in Ho.Re.Ca, Wellness & Sports, and public sectors. Triple motor models are the ideal solution for the removal of dust and liquids in the transport, logistics and large-scale distribution sectors.

KEY FACTORS OF THE CA WET&DRY 3 MOTORS RANGE

- Available with stainless steel tank.
- Equipped with fixed trolley.
- Equipped with a quick drain hose to facilitate emptying operations.
- Optional front fixed accessory for easy liquids suction on large surfaces, available on demand..
- Shift & Clean: innovative cartridge filter cleaning system.
- Standard sponge filter.
- Cloth filter, cartridge filter and nylon filter available as optional.
- Wide choice of available accessories that make the range of CA WET&DRY 3 motors vacuum cleaners extremely customizable.

MODELS

CA A550.3 WDMS
Tank capacity: 65 l
Type: professional WET&DRY
Suction: 3 motors

Details that matter

Thanks to their ergonomic handle these vacuum cleaners are easily transportable over all floors.
Fixed trolley versions are even easier to maneuver.

CA A550.3 WDM S can be equipped with a front squeegee, controlled by a pedal placed at the rear of the unit, designed for quick and easy floor drying operations.

CA A550.3 WDM S is equipped with a standard drain hose.

CA A550.3 WDM S is equipped with the Shift & Clean system, the innovative system to clean the filter by reversing the flow of air. It eliminated the need to open the machine to clean the filter, thus reducing down times.
